Officers Assert Baptism in the Trenches Puts Fresh "Pep" in Cubs in Khaki

SHELLS NOT SO DEADLY

Experience on Front Proves That Percentage of Actual Hits Is Surprisingly Small

WITH THE AMERICAN ARMY IN FRANCE, Nov. 13.

American troops are hearing up splendidly under their first experience of being shelled by the enemy.

This is the unanimous opinion of officers of the second division entering the trenches, which were visited by the correspondents of the International News Service.

"That is one great thing this first trip to the front is teaching the men," said one of the front line commanders.

"It is wonderful how many shells can break all around without hitting one," said one of the men in the trench.

The commander of the company attacked by the German in their trench recently made similar statements, as well as the made lieutenant who sustained a minor wound during the attack.

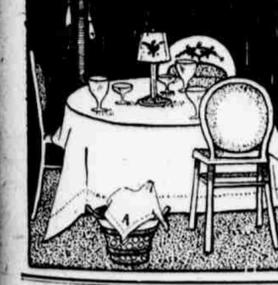

HAWAII GETS U. S. FUNDS Hawaii's share of funds from the Federal Government for the coming year is \$62,269.25, according to circulars which have been received from the Military Bureau of the War Department.

CITY'S FINANCIERS PLAN SINKING FUND CHANGES

Making Every Effort to Dodge Necessity for Higher Tax Rate

DENY NEED OF BOND SALE

Having provided no interest or sinking funds for new loans, thus forcing the Mayor to appeal to Council for aid, the Finance Committee today considered taking over payments from the sinking fund for the redemption of non-sinking fund bonds in 1918.

A planned rearrangement of sinking fund rates on maturing loans would, in the opinion of many members of the Finance Committee, result in making available funds sufficient to keep down the tax rate.

The declaration of Chairman Coffey regarding loans shows that few, if any, new undertakings are planned and that the Smith Administration during its third year will be fortunate to report "progress" when another twelve months roll around.

OFFICERS HAD OWN COFFINS

U. S. Seizes Crates Taken From German Ships Interred in Hoboken

HOBOKEN, N. J., Nov. 13.—Several crates of coffins have been found by Federal agents searching for personal belongings of interned German officers and seamen from North German Lloyd steamships, seized when this country entered the war.

MAIL YOUR GIFT BOX FOR SAMMEE BY NOV. 15

It Should Bear Soldier's Name, Regiment and Words "American Expeditionary Forces"

All Christmas packages to soldiers abroad should be mailed by November 15—Thursday—to make absolutely sure of delivery.

Explaining plans to be followed in the sending of packages to the soldiers in France, Superintendent of Mails Johnson said today that parcels of the fourth class to Europe should not exceed seven pounds.

Christmas packages may weigh as high as twenty pounds, including the weight of the box in which they are shipped.

General Miles was in Porto Rico as commanding general of the United States troops, a raw recruit from Tennessee was detailed for duty as orderly.

L'AVANZATA TEUTONICA ARRESTATATA SUL PIAVE

Gli Italiani Hanno Respinto Tutti gli Attacchi Nemici sul l'altipiano di Asiago

Le notizie che giungono dalla fronte di battaglia sono sempre più confortanti e dimostrano come le truppe italiane, anche in contingenti alleati, hanno resistito ovunque, nella regione nordica, agli attacchi delle forze austro-tedesche.

L'avanzata teutonica sulla linea della Piave è stata completamente arrestata, e cioè è stata ufficialmente confermata dalle comunicazioni del comando supremo giunte fino a ieri sera.

Le notizie che giungono dalla fronte di battaglia sono sempre più confortanti e dimostrano come le truppe italiane, anche in contingenti alleati, hanno resistito ovunque, nella regione nordica, agli attacchi delle forze austro-tedesche.

Gli italiani occupano le opere di fortificazione campale sulla sponda occidentale del fiume Piave ed il grosso delle forze austro-tedesche ha preso il posto della avanguardia sulla sponda opposta del detto fiume.

Il fronte di battaglia ha due settori principali. Il più basso si estende da Feltre sino al mare, e quello al nord da Feltre verso le regioni occidentali. Il ponte Visio, che è stato l'ultimo traversato dalle retroguardie italiane, trovava a mezza strada del basso settore.

Il combattimento di Asiago è stato chiarito come un tentativo del nemico per accertarsi della resistenza delle linee italiane. Intanto la neve è caduta abbondantissima nelle regioni più a nord e prevale un freddo infernalissimo.

Mrs. Amelia Perrem Dies—Sewed Until Recently and Made Own Bed

NEW CASTLE, Del., Nov. 13.—Mrs. Amelia Perrem, whose ninety-third birthday anniversary would have been celebrated January 15 next, died yesterday at the home of her daughter, Mrs. Dolores Withering.

Mrs. Perrem never wore glasses. Until a few months ago she sewed and made her own bed. She was born in Buckleburgh, England, and survived by one daughter, seven grandchildren and one great-grandchild. She had been a member of the Episcopal Church here for half a century.
